Residential Lawn Maintenance Service Agreement

Service Agreement

Initials: _____

Client provides number of lawn service visits each month. In the event of inclement weather or unforeseen circumstances, the services provided will be scheduled for the next available day. IF a service must be skipped the amount for the service will be discounted on the next bill. Lawn service will include mowing all turf areas, trimming all areas inaccessible to mower with line trimmer, edging all walkways, driveways, and blowing all resulting clippings with a power blower. _____ I will provide (36) service visits per year.

The above listed services shall be billed to the CLIENT at the rate of \$210 per month. Cost per service visit: \$70

In the event of early termination of this agreement CLIENT agrees to remit payment of any balances due on previously performed services.

This agreement shall commence on _____ and continue thereafter as long as both parties are satisfied.

Billing

Initials: _____

To arrive at the monthly payment due per month, take the number of service visits per year (36) and multiply it by the cost per (\$70) service visit then divide by 12. You will receive an invoice for the same amount each month (Jan – Dec).

Number of visits per month:

- January- _____
- February- _____
- March- _____
- April- _____
- May- _____
- June- _____
- July- _____
- August- _____
- September- _____
- October- _____
- November- _____
- December- _____

Subject: Re: Neighborhood Lawn Maintenance

I came up with \$75 per cut..that includes cut, weed eating, edging, and blowing. If y'all would like y'all could pay per cut and I can bill y'all each month or y'all can do a one year contract were y'all pay the same amount every month. George stated y'all would want it cut weekly during the cutting months and weekly averages out to be about 36 cuts per year. So, if y'all wanted to do it on contract it would be \$225 a month every month. I can do it which every way y'all would like. Any questions you can give me a call at [REDACTED]

Look forward to yalls business

Thanks
